

**Wisconsin Division of Public Health
Education and Training Advisory Committee**

July 21, 2006 Meeting Agenda

**Wisconsin Medical Society
330 East Lake Street
Madison, WI 53701**

Statement of Purpose -

EdTRAC has been formed with two principal objectives:

(1) to contribute to the State Health Plan system priority objective to “create an Education and Practice Forum to assure a competent public health workforce through a collaborative information and education network for workforce preparation, support of current practice, and continuing education”, and (2) to systematically approach the multidisciplinary training and education needs of our public health system partners relative to emergency readiness.
