Wisconsin Express is a one week cultural immersion experience designed to give health professions students an opportunity to study firsthand the diverse local and regional healthcare innovations and challenges in Wisconsin communities. Multidisciplinary groups of 6-12 students explore the region’s cultural diversity and healthcare, developing strategies for intercultural and interprofessional effectiveness in healthcare practice. Throughout the week, participants have opportunities to reflect on and evaluate their experiences. Sessions are offered during Winter Break (1 site), Spring Break (2 sites), and Summer (12 sites, the third week in May).
